MISS ELIZABETH HILL, R.N.

Miss Hill joined the staff of the Carpenter-Davis Hospital on South Center Street on January 1, 1920, and with the late Drs. James W. Davis and F. A. Carpenter she organized the training school for nurses. The school was opened in May of 1920 under her supervision, moving to the present location in 1925, where she continued with new and expanded facilities the Davis Hospital Training School for Nurses which has to date graduated a total of 289 nurses. The first graduating class in 1923 was composed of three persons.

Under Miss Hill's efficient supervision the school has expanded and has today a total of 47 student nurses enrolled.
